Re.: Transition programme and Education Passport

03/06/20

Dear Parents/Guardians,

Your son is coming to the end of his time here with us in St. Patrick's Boys. In spite of the recent disruption, we are confident that having spent almost 8 years in primary education, he is well equipped to meet the demands of graduating to secondary school.

As part of our 6th class summer term, we normally run a transition programme in conjunction with Limerick Youth Service to ease the process of moving on. This year's programme will be provided online via Zoom. It will take place next Monday and Tuesday, the 8th and 9th of June, from 11am to 12.30pm.

The main topics covered will be communication skills, dealing with peer pressure and bullying, rules and time management.

There will be four tutors, which will enable small group along with whole class activities. The programme has been piloted in other schools and the feedback from students has been very positive. We therefore encourage all students to log on, both days. Zoom links will be issued prior to the meeting similar to our previous call.

You will also see two links below to parent and pupil questionnaires as part of their end of primary school report or what is known as their 'education passport'. Please complete both as they will be forwarded to their respective secondary schools. These will also be posted separately on Class Dojo.

Parent Survey: https://forms.gle/9JgXaFuayV1n2TL56

Pupil Survey: https://forms.gle/58KxSqDkPRWGnamS9

Sincerely,

Anthony Liddane Mícheál Shanahger
