Re.: Face Coverings & Parent/Teacher Meetings

Dear Parents/Guardians,

Given the current situation in Limerick, we all need to be extra vigilant in how we interact with people. With this in mind, we are strongly recommending that anyone dropping or collecting a pupil wears a mask on the school grounds. If you need to pass a message onto a staff member, please use Class Dojo or a note in the child's bag. **Please do not approach a staff member without wearing a face covering. All staff have been asked to not engage with other adults without the presence of a face covering.**

It is in the best interest of everyone that we take all necessary precautions to avoid any potential threat to our health and safety and possible disruptions to pupil learning.

Meetings with teachers will take place over the phone or zoom in some instances. If it is about something specific and requires a face to face meeting, you will be required to wear a face covering and sign our contact tracing log. Meetings inside, as recommended, will last no longer than 15 minutes.

We thank you for your continued cooperation.

Wishing you all the best.

Sincerely,

Anthony Liddane

Principal
