Overview

This Acceptable User Policy (AUP) relates to the use of the internet by students within the school.

The Policy Review Team

The AUP was revised by the staff in the school. The Principal is currently the ICT coordinator.

It has been read and ratified by the Board of Management and representatives of the parents and teachers within the school. It is envisaged that school and parent representatives will revise the AUP as necessary. Before signing, the AUP should be read carefully to indicate that the conditions of use are accepted and understood.

The aim of the AUP is to ensure that pupils will benefit from learning opportunities offered by the school's internet resources in a safe and effective manner. Internet use and access is considered a school resource and privilege. Therefore, if the school AUP is not adhered to, this privilege will be withdrawn and appropriate sanctions, outlined in the AUP, will be imposed.

School Strategy

The school employs a number of strategies, taking into account the age of the pupils, in order to maximise the learning opportunities and to reduce the risks associated with accessing the internet, namely exposure to inappropriate online content and cyberbullying.

The strategies are as follows:

1. Where children have access to the internet in school, it will occur under the supervision of the class teacher. Content will be subject to the restrictions of the Schools Broadband Internet Policy, which operates an automated web-filtering function of the PDST Technology in Education. The purpose of content filtering is to ensure (in so far as possible) that inappropriate websites and content are not accessible from within schools. - See more at: <http://www.pdsttechnologyineducation.ie>. Any requests for modification of the filtering provision that is in place for St. Patrick's Boys' National School may only be submitted in consultation with the Principal.
2. The school will regularly monitor internet usage (see Children's Use of the Internet below).
3. Children will not have access to passwords or administrator accounts.
4. Uploading and downloading of non-approved software will not be permitted.
5. Virus protection software will be used and updated on a regular basis.
6. The use of students' personal memory sticks, external drives, CD ROMs, and DVDs in school requires permission from the teacher.
7. If a teacher wishes to integrate a web page into a lesson, that page must be previewed/evaluated prior to its classroom usage, for inappropriate advertising content, imagery, and text.
8. The installation of software, whether from CD-ROM, memory sticks, other storage devices or online sources, must be preapproved by the ICT Coordinator.
9. The usage of personal CD-ROMs, memory sticks or other storage devices in the school is subject to non-violation of the software's licence agreement

Children's Use of the Internet

1. World Wide Web

Children who have access to the internet will do so in adherence to the above strategies.

1. Before students are allowed to make use of the school's internet facility, all Parents/Guardians will be required to complete a Permission Form (Appendix 1) and return it to the Office. Permission forms will be sent home to families of new students during the September of each year and the school's database will be updated accordingly.
2. Websites that the children use in school will be previewed by their teacher before use and subject to the filters operated by the PDST and Schools Broadband programme.
3. Teachers and students will be familiar with copyright issues relating to online learning.
4. Children will never disclose or publicise personal information.
5. If students see a message, comment, image, or anything else online that makes them concerned for their personal safety, they must bring it to the immediate attention of
 - i. a teacher if they are at school
 - ii. a parent / guardian if they are at home

2. Internet Chat / Social Networking / Instant Messaging (IM)

Access to internet chat rooms, social networking sites, and instant messaging services is forbidden and blocked in accordance with the Schools Broadband Internet Policy.

3. Email

1. Children's use of email is facilitated strictly in an educational context and access to personal email and/or social networking accounts is prohibited.
2. Online tasks that involve sending and receiving email (e.g. with partner schools, educational email tasks) will be teacher-led. The class teacher will set up one email address for the class. Only the teacher will know the password to such email accounts. Emails will be opened and read by the teacher before being shared with the class. All emails will be reviewed by the teacher prior to sending.
3. When students are writing and sending emails from the class email account, it will be done so under the direct supervision of the teacher.
4. Children will not send or receive by any means any material that is illegal, obscene, defamatory, or that is intended to annoy or intimidate another person.
5. Children will not reveal their own or another person's personal details, such as home address, telephone numbers or pictures.

6. Children will never arrange a meeting with someone they only know through emails or the internet.
7. Children will note that sending and receiving email attachments is subject to the permission of their teacher.
8. Children will observe good “netiquette” (internet etiquette) at all times and will not undertake any actions that may bring the school into disrepute.

4. School website (www.stpatricksboysns.com) & Facebook page

(<https://www.facebook.com/stpatricksboysns/>)

The school website is used to celebrate the success stories and great achievements of our students as well as to publicise school events and activities and is evolving all the time. The school’s Facebook page is used to publicise school events, activities and at times, pupils’ work.

Website

1. The school website and Facebook page are administered by the ICT Team.
2. Only administrators of the Facebook page will be able to tag photographs. No child’s photograph will be tagged.
3. Children will be given the opportunity to publish projects, artwork, and school work on the school website, with parental permission.
4. The publication of student work will be coordinated by the teacher and/or ICT team.
5. Children will continue to own the copyright on any works published.
6. The copying of such content is prohibited without express written permission from the relevant child and his/her parent(s)/guardian(s) (Appendix 2)
7. Photographs /Videos/ other multimedia may be used on the school website and Facebook page to complement text content.
 - a. Photographs of the children will only be displayed online through our various platforms with explicit consent from parents/guardians through a note signed at the start of their schooling in St. Patrick’s Boys’ N.S.
 - b. The school website will only publish the forenames of individuals in a photograph.
 - c. Should an individual’s full name be used at any stage, verbal permission will be sought from parents/guardians.
 - d. No child’s photograph shall be displayed if he is pictured on his own.
 - e. Only Facebook page administrators can tag photos posted on it.

5. Student Laptops

1. Currently, there are 32 student laptops which are stored in a rechargeable storage unit for use within the classroom setting. Each laptop has been configured for student use.
2. Through the school broadband Service, internet usage is configured to block any attempts by users to access content deemed to be inappropriate for our students.

6. Personal Devices

1. Currently, children using their own technology in school, such as tablet devices, do so with the written approval of the Board of Management, as part of a specific and structured learning programme designed by the school.
2. Using a mobile phone in class, sending text messages, and the unauthorized taking of images, still or moving, is in direct breach of the Acceptable User Policy and the Mobile Phone Policy.

7. Cyberbullying Understanding Cyber Bullying:

1. Cyber bullying is the use of ICT (usually a mobile phone and/or the internet) to abuse another person.
2. It can take place anywhere and can involve many people.
3. Anybody can be targeted, including pupils, school staff, and members of the wider school community. - It can include threats, intimidation, harassment, cyber-stalking, vilification, defamation, exclusion, peer rejection, impersonation, and unauthorised publication of private information or images.

There are many types of cyber-bullying. The more common types are:

1. Text messages – can be threatening or cause discomfort. Also included here is ‘Bluejacking’ (the sending of anonymous text messages over short distances using Bluetooth wireless technology)
2. Picture/video-clips via mobile phone cameras – images sent to others to make the victim feel threatened or embarrassed.
3. Mobile phone calls – silent calls, abusive messages or stealing the victim’s phone and using it to harass others, to make them believe the victim is responsible.
4. Emails – threatening or bullying emails, often sent using a pseudonym or somebody else’s name.
5. Chat room bullying – menacing or upsetting responses to children or young people when they are in a web-based chat room.
6. Instant messaging (IM) – unpleasant messages sent while children conduct real-time conversations online using MSM (Microsoft Messenger), Yahoo Chat or similar tools.
7. Bullying via websites – use of defamatory blogs (web logs), personal websites, gaming websites, apps, online personal ‘own web space’ sites such as You Tube, Facebook, Ask.fm, Twitter, Snapchat, among others, emerging technologies and all electronic means.

Procedures for preventing Cyber Bullying:

1. Staff, pupils, parents, and Board of Management (BOM) are made aware of issues surrounding cyber bullying.
2. Pupils and parents will be urged to report all incidents of cyber bullying to the school.
3. Staff CDP (Continuous Professional Development) will assist in learning about current technologies.

4. Pupils will learn about cyber bullying through Social, Personal and Health Education (SPHE), Assemblies, Friendship Week activities and other curriculum projects.
5. Pupils, parents, and staff will be involved in reviewing and revising this policy as school procedure.
6. All reports of cyber-bullying will be noted and investigated, in accordance with the school's Anti-Bullying, Mobile Phone, Child Protection, and Code of Behaviour Policies, where applicable.
7. The school will engage a speaker Community Guard to facilitate a workshop on Internet Safety for 5th & 6th Classes and mark Safer Internet Day (SID) annually.
8. Procedures in the school's Anti-Bullying and Child Protection policies shall apply. Incidents of cyberbullying will be addressed in the context of the school's Anti-Bullying, Mobile Phone, and Code of Behaviour Policies, where applicable.

Legislation

- Data Protection (Amendment) Act 2003
- Child Trafficking and Pornography Act 1998 - Interception Act 1993 - Video recordings Act 1989
- The Data protection Act 1988

Sanctions

Misuse of the internet may result in disciplinary action, including written warnings, withdrawal of access privileges and, in extreme cases, suspension or expulsion. Sanctions issued will be done so in accordance with the school's Anti-Bullying Policy and Code of Behaviour Policy. The school also reserves the right to report any illegal activities to the appropriate authorities.

Other Relevant Policies

- Child Protection Guidelines
- Positive Behaviour Policy - Mobile Phone Policy
- Anti-Bullying Policy
- ICT Policy

Support Structures

Appendix 1

Parent/Guardian

As the parent or legal guardian of the above pupil, I have read the Acceptable Use Policy and grant permission for my son or daughter or the child in my care to access the Internet. I understand that Internet access is intended for educational purposes. I also understand that every reasonable precaution has been taken by the school to provide for online safety but the school cannot be held responsible if pupils access unsuitable websites.

I accept the above paragraph I do not accept the above paragraph

(Please tick as appropriate)

In relation to the school website and Facebook page. I accept that, if the school considers it appropriate, my child's photograph and/or schoolwork may be chosen for inclusion on the website/Facebook page. Best practice as stated in our 'Acceptable Internet Use Policy' will always be followed. Usually children will only be pictured at a distance and in groups. Do you agree to the school using your child's image in this way? I understand and accept the terms of the Acceptable Use Policy relating to publishing children's work on the school website/Facebook page.

I accept the above paragraph I do not accept the above paragraph
